

BRENDEN BASS | WEB DEVELOPER

| brenden.c.bass@gmail.com

Portfolio Website: brendenbass.com

Qualifications Summary

- Created a full-stack blog application using JS, C#, ASP.NET, MVC, Bootstrap, and PostgreSQL. Check it out at <https://blog.brendenbass.com/>.
- Created an Instagram Feed clone using ReactJS and a serverless database.
- Created a bunch of coding challenges (like a mortgage calculator) using JavaScript, Bootstrap 5, HTML, and CSS. See these on [my portfolio website](#).

Skills

- JavaScript, CSS, Bootstrap 4 & 5
- ASP.NET, C#, MVC
- PostgreSQL
- GitHub, Visual Studio, Visual Studio Code, Heroku, Netlify

Education

- Bachelor of Applied Science – Business & Organizational Management (2020)
- Coder Foundry Online Bootcamp

Past Employment

Middle School Math Teacher / September 2020 – May 2021

Taught fundamental mathematics to sixth grade and seventh grade students at different levels. Taught both intensive math classes and a regular mathematics class.

Sales Associate / January 2019 – September 2020

Front Service Clerk / 2015 - 2017

From 2015 – 2017, I provided excellent customer service at a local grocery market. After that, I pursued my college education full-time. Then, I became a middle school teacher in Florida.
